

REVIVAL MEETING AT COURT HOUSE GROWING STEADILY

The "Bob Jones" revival meeting, which is one of the links in the chain of state-wide revivals sponsored by Dr. Bob Jones, started Sunday afternoon with an audience that nearly filled the circuit court room. Rev. Fred Sparks of Birmingham delivered a powerful sermon which made a profound impression on his hearers.

Sunday night the court room was filled to capacity and the large congregation was thrilled by the eloquent gospel appeal made by the eminent preacher. Rev. Sparks came to Elba with the reputation of being a great evangelist and his efforts so far have made no more than the advance reports. He paid the people of Elba and vicinity a pretty compliment when he said that he had a different spiritual atmosphere here, at the time of opening a revival, than in any place he had ever been. He went so far as to say that this unusual condition was enabling him to connect at a point where he generally had to preach a week in order to develop the proper spiritual awakening.

Another great meeting was held Tuesday night and services will be held each night at 7 o'clock and Sunday afternoon at 2:30. No high pressure methods are being employed to raise funds, but it is hoped that the necessary expenses of the meeting will be met by the collections that are being taken at each service.

Rev. Sparks is an unusually congenial gentleman and a powerful preacher and it is predicted that the meeting which is in progress will result in great good before it comes to a close on Sunday night, January 17. This meeting is county-wide and the evangelist and Rev. W. W. Tubb, pastor of the Methodist Church here, are visiting the school houses in the country adjacent to Elba in an effort to impress upon the people of the surrounding territory the fact that they are cordially invited and urged to take part in the revival meeting.

A happy feature of the meetings now being held is the fine work that is being done among the children and young people. A "Sunday school" made up of children from 15 years of age down has been organized. They met at one of the churches each afternoon at 3:05 o'clock and it is reported that great results are being accomplished in this line.

The young people between the ages of 15 and 30 have been organized into two groups, the "Reds" and "Blues." They meet at the churches at 8:30 each evening and the spirited contest that is being waged between them is the talk of the town. Rev. Sparks has the happy faculty of gaining the confidence of children and young people, as well as older folks, which is a combination all too rarely to be found.

The court room is well heated and all who attend are assured of comfort in all kinds of weather. It is expected that the meeting will grow in attendance and interest as it grows older, as no one can deny the wonderful gospel messages from the lips of this consecrated man of God without being greatly impressed and having a desire to invite his or her friends and neighbors to go and share in the good things that are being dished out so unstintingly.

The relief and singing is being conducted by local people and it is all that could be desired.

Tonight (Thursday) will be "Home Night." Every home is urged to be represented. Come and bring the whole family.

Friday night is Young People's Night. All young people under 100 years of age are invited. The subject will be "The Young Man Who Awakened."

Saturday night the subject will be "Ye Must Be Born Again."

Sunday morning at 11 o'clock Rev. Sparks will preach at the Methodist Church on "The Jesus Way." Rev. L. W. Tubb, pastor of the Methodist Church, will preach at the Baptist Church at that hour.

At 2:30 Sunday afternoon at the court house the subject will be "The Cry of the World."

Sunday night at 7 o'clock the subject will be "The Most Expensive Thing in the World."

Monday night, "Why Jesus Came."

Tuesday night, "Life's Greatest Question."

Wednesday night, "The Peril of Neglect."

A letter received from Rev. B. S. Franklin, pastor of the First Baptist Church here, states that the revival meeting which he is holding at Goodwater is progressing nicely and that a very successful meeting is in prospect.

Mr. and Mrs. F. H. Murphree and children and Mrs. B. S. Boyd were guests of Mr. and Mrs. L. A. Boyd in Enterprise Sunday.

Two Bandits Loot Bank At Clayton

CLAYTON, Ala., Dec. 31.—Two men, one of whom waited in an automobile outside, today robbed the Clayton Banking Company of between \$3,000 and \$4,000, and escaped before citizens of the town were aware of it.

One of the men, wearing a mask, entered the side door of the bank during lunch hour, pushed a man into the side of C. B. Schefer who was alone and forced him into the vault.

The man then took all the money in sight, joined his companion and they had disappeared before the robbery was discovered. Posses went out on every highway, when the alarm sounded, but found no trace of the fleeing pair.

W. R. Parish, cashier, on his return from lunch was attracted to the vault by Schefer's cries, and discovered the robbery.

Schefer said the first he knew of anything untoward was when he felt a gun in his side as he stepped over to put coal in the stove.

He ordered him into the vault and he obeyed.

Banker later disclosed that citizens on the street had heard Schefer's cries for help, but had been unable to locate the source.

\$10,000 Damages Result Of Windstorm In Florida Town

QUINCY, Fla., Jan. 2.—Damage estimated at \$10,000 or more was done to property here Thursday when a cyclone coming out of the southwest swept across a narrow strip of country just outside the city limits to the south of Quincy.

Seven large shade leaf tobacco barns in the wake of the storm were destroyed, four on the plantation of James J. Love, two on A. S. T. Corporation farms and one at the State Tobacco Experiment Station.

Two churches, a small store and an unoccupied residence in the town of Quincy were razed. Twenty acres of silt tobacco shade on the Love plantation was blown down.

Much damage to standing timber between here and Tallahassee was also reported.

The storm was the most destructive in this immediate section in many years, and early estimates of the damage may be increased.

F. & M. Bank Of Enterprise Closed Its Doors January 4th

ENTERPRISE, Jan. 4.—The Farmers & Merchants National Bank here failed to operate yesterday Saturday. The bank, a merger of financial institutions of Farmers and Merchants National Bank and the First National Bank, operated under the name of the Farmers & Merchants National Bank.

The two banks were merged Sept. 23, 1932. The merged bank had resources of more than \$1,500,000, it was announced at the time of the consolidation.

The officers of the bank at the time of the merger were L. H. Sessions, president; J. L. Warren, vice-president; V. O. Warren, vice-president; J. H. Sessions, vice-president; J. L. Warren, vice-president; J. H. Sessions, vice-president; J. L. Warren, vice-president; J. H. Sessions, vice-president.

The business meeting of the Bank of Enterprise was held at the church on Monday afternoon.

The devotion was led by Mrs. Simmons in the absence of the president, Mrs. Willie Mitchell, consisting of the song, "Jesus Shall Reign," the W. M. S. hymn for the year, and several verses from Romans, twelfth chapter, followed by prayer by Mrs. W. H. Simmons.

The following officers were installed for the ensuing year: President—Mrs. Willie Mitchell. 1st Vice-President—Mrs. Dan Brooks. 2nd Vice-President—Mrs. L. P. Mullins. 3rd Vice-President—Mrs. B. S. Franklin. Secretary—Mrs. C. P. Hayes. Co-Op. Treasurer—Mrs. John Armour.

It might be of much interest to the coffee county association to know that all organizations of the W. M. S. met their appointment as outlined by the S. B. C., which entitled them to be A-1 for the year 1931.

DEMOCRATS TO WIN WITH ROOSEVELT, STAGALL PREDICTS

Democratic victory in the 1932 presidential campaign is inevitable, Henry B. Stagall, third district congressman, predicted today. The House-entirely, he stated, that without a doubt Governor Roosevelt of New York would be nominated by the Democrats as that party's standard bearer.

Mr. Stagall hopes for the hall days, plans to return to Washington the latter part of the week. He indicated that before he left he would make official announcement as a candidate for re-election to Congress. He does not plan any campaign, declaring that since securing the chairmanship of the House banking committee his duties have increased two-fold, hence leaving him no time for electioneering.

"There is no doubt in my mind but that the Democrats will elect a president in 1932 and that Governor Roosevelt will be the man named to lead the party to victory," Congressman Stagall said.

The swing to Roosevelt has been recently gaining momentum to the extent that should the election be between him and Hoover he held to the New York governor would carry off 48 states.

In discussing new measures proposed by the Democrats, who gained control of the House of Representatives this year, Mr. Stagall was particularly proud of his success in securing passage of the bill appropriating \$100,000,000 to the Federal Land Banks, a sum to be used by these institutions in extending farm mortgages. He is certain that the measure will be instrumental in relieving hundreds of farmers in this section of heavy financial handicaps this year.

No accurate has been given yet that the Rivers and Harbors Board will recommend construction of a levee at Geneva, the congressman averred. Army engineers do not favor the project and until they render a more favorable opinion he is doubtful that the proposed enterprise will ever materialize, despite the fact that human lives and valuable property are at issue. Nevertheless, Mr. Stagall declared that he and other Alabama congressmen were diligently working on the proposition and would not relax in their campaign to secure an appropriation.

Regarding the soldiers' bonus, a drive for which was launched directly after Congress convened, the last year began. "I know that I at least know a few things which the green belt he could get. If I learned about it I am not any more interested in it than you are in the business world. Interest is all right under certain conditions but it is a mighty bad thing when, sufficient pressure was not being brought to bear."

Congressman Stagall concurred in the decision of the State Democratic Executive Committee to submit the election of delegates to the national convention to the people in person by nomination in state convention. The representative, however, does not favor the double referendum system, expressing the opinion that there is no use of requiring a candidate to be nominated twice in a democratic state. Such a system might be feasible, he said, if Alabama had two parties with which to contend—all that was Eagle, December 28.

DAY IS SET FOR BEAUTIFY- ING SCHOOL GROUNDS

As every one knows, the P. T. A. has been working for the past few months to beautify the school grounds. Through the kindness of the people many shrubs and flowers have been donated and placed on the grounds.

Although a vast improvement has been made, the work has not been completed. The P. T. A. has set 3:00 o'clock on Friday afternoon, January 5th, as work day on the grounds, every one being invited to help.

The P. T. A. is asking for further donations of shrubs and flowers. If it is inconvenient for donors to bring them to the school house Friday, call either of the following: Mrs. J. O. English, Mrs. Hendrick Jeter, Mrs. Claude Fleming or Mrs. Wesley Harbison.

The P. T. A. will appreciate all donations of shrubbery and work given at this time in interest of the school grounds.

Team Of Mules Backed Into White Water Creek

A team of mules hitched to a wagon backed into White Water Creek Saturday evening at a point west of the Oscar Vaughn place. The mules backed into the creek and the wagon was left on the bank. The mules had drowned but the other was foundering about in the water at a great rate. The men in the boat cut the live mule loose from the harness, whereupon the frightened animal started swimming down the river. In hot pursuit, the rescuers chased the mule up and down the creek several times, until it was exhausted and was pulled out of the water by itself. The mule was exhausted when rescued.

The drowned mule and wagon were pulled out of the water Sunday morning.

EPWORTH LEAGUES HOLD MEMORABLE WATCH NIGHT MEET

New Year's eve was a big night for members of the two Epworth Leagues of the Methodist Church. The Senior League held a delightful party at the home of Miss Gladys Miller in West Elba, in the early hours of the evening. Games were played and refreshments were served to a large number.

A similar party was held by the members of the H. League at the home of Mrs. Mike Maddox, who also attended reporting a fine time.

Between 10:30 and 11 o'clock the members of both leagues assembled at the Methodist Church for a "Watch Night" program, those attending numbering over fifty. It was an impressive service, one that will be long remembered. The time was spent in personal testimony, sentence prayers, singing hymns, etc., nearly all of which were very inspiring.

FEAR IS OUR CHIEF FOE
When the economic crash came
in the fall of 1929 there were logi-
cal reasons for it to a certain ex-
tent, but not to the extent which
panic-stricken speculators and oth-
ers imagined. It is true that val-
ues had been inflated beyond rea-
son, there had been over-production
and over-buying, but calmer and
sound judgment might have pre-
vented the disaster which followed
in the wake of a paralyzing fear
which suddenly seized business and
industry.

Now, with everything thoroughly
deflated, production drastically cut-
tailed, and millions in need of com-
modities which they can not earn
the money to buy, fear still keeps
capital hoarded away instead of be-
ing used to start the wheels of in-
dustry going again.

The unemployed cannot buy; the
employed will buy only necessities
because of fear of losing their
jobs, the manufacturer fears to
reopen his doors because of the
lack of a market; the banker pro-
ducer would not lend money
throughout fear that the man-
ufacturer would fail. Thus oper-
ates the vicious circle.

Yet, with an ever-increasing pop-
ulation, the material needs of the
country are greater than ever, and
the trine values need not be wiped

out.

FEAR IS OUR CHIEF FOE
When the economic crash came
in the fall of 1929 there were logi-
cal reasons for it to a certain ex-
tent, but not to the extent which
panic-stricken speculators and oth-
ers imagined. It is true that val-
ues had been inflated beyond rea-
son, there had been over-production
and over-buying, but calmer and
sound judgment might have pre-
vented the disaster which followed
in the wake of a paralyzing fear
which suddenly seized business and
industry.

Now, with everything thoroughly
deflated, production drastically cut-
tailed, and millions in need of com-
modities which they can not earn
the money to buy, fear still keeps
capital hoarded away instead of be-
ing used to start the wheels of in-
dustry going again.

The unemployed cannot buy; the
employed will buy only necessities
because of fear of losing their
